SIROCo, LLC

HEADLINE:

IT Consulting & Technology For A Smarter Life

PROFILE SUMMARY:

SIROCo, LLC is an IT consulting firm providing high-tech solutions to save you time and increase your profits. Our services consist of – Software Orchestration, Infrastructure Management, and Quality Control. Our well-experienced team in Odoo ERP renders state of the art implementation and service. We provide consultancy, development, customization, training, support and maintenance to partners and customers.

WHAT MAKE SIROCO DIFFERENT?

What sets SIROCo apart is not only our technical skills, but also our goal-driven project management and communication skills. Our team is here to help you achieve your company's objectives.

It is our job to:

- 1) Find the exact combination of services, software, and human resources that fit your needs and
- 2) Increase your ROI.

SIROCo is with you from start to finish.

Because of our global offices, we work around the clock for our clients. We combine the benefits of local expertise and work hours with the added cost benefits of offshore development, testing and minimal time to launch.

SIROCo offers our clients 24-hour support for cloud services. We provide dedicated teams to handle any questions or issues. Our firm is Certified Partners & Providers for Microsoft Cloud, Odoo, eOne Solutions, Tech Data, & Dell.

Think of us as your full-service offsite IT division. At SIROCo we don't just deal with software and hardware. We deal with people.
